

Respons Grand Artist Dimension

Specifications:

Three-way, floor standing, full range bass-reflex design. The cabinet is a 35 mm HD sandwich construction with viscoelastic layer.

1" Scan Speak, Ringradiator

5" Scan Speak, Mid

7" Scan Speak, Bass

Sensitivity: 2,83V 86dB/ m

Nominal impedance: 4 ohm

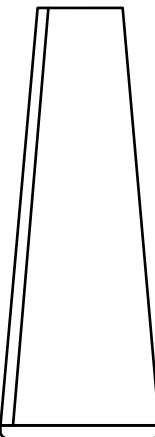

Frequency response:

35 Hz - 40 kHz

- High frequency response: Full level above 40 kHz

- Echo free: 200 Hz - 20 kHz \pm 1 db

- Low frequency response: -3 db 35 Hz

Crossover:

Hand-built point-to-point wired crossover specified at 1% tolerance

Crossover slopes: 24 db/octave. acoustical

Crossover frequencies: 350hz, 3500hz

Components:

Propylene capacitors

Custom Air cored inductors

Temperature stable resistors

Internal wiring: Custom made. Oxygen free copper wires

Connection: Binding post from Cardas

Dimensions:

Height: 101 cm

Width: 35 cm

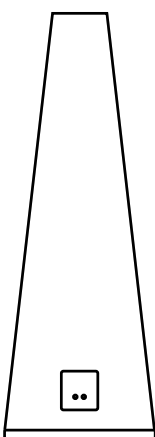

Depth: 39 cm

Weight: 35.5 kg each

Shipping dimensions: 54x47x113cm,

Volume 0,29m³

Shipping Weight: 2 x 40 kg

Cabinet Finishes:

Standard: Cherry

The Grand Artist D can also be ordered in most wood/veneer finishes.
